In 1981 Telugu Association of Metro Atlanta (TAMA) emerged to fulfill the needs of Telugu community in Atlanta and gave a sense direction and defined the goals. TAMA, now known for its unity, dedication to propagating the Telugu Culture from its inception is turning 30, a cause for celebration and excitement. Telugu people in the Metro Atlanta area have not only grown in numbers, but have chosen diverse fields, and continued their excellence. It was initially the doctors and engineers, but now you name any major profession there is a significant representation from the Telugu Community. Our pre-dominance in the IT field cannot be missed. It is appropriate we celebrate this thirty-year success story and rededicate ourselves to continue on the path of innovation and creativity.
